SUBSCRIPTION FEE

The response to our last week's letter regarding subscription fees was very disappointing. Only 35% of our readers are willing to pay the 10¢ subscription fee. May we point out again that this subscription fee is a necessity as long as St. Albert hasn't enough retail businesses to keep up sufficient advertising. We realize that you don't get much "weight" but what we were trying to do was to ensure and establish a local communication without which we cannot have a normal community life. We explained to you that without your help we will not be able to continue your local news. In the meantime, the paperboys will continue to collect your application forms and therefore this week's issue is based on the same principle as it was before. This means that you can pay the paperboy what you think will be sufficient for his service. Unless the response is more encouraging, it could be possible that the expensive local news will have to be discontinued, which we would regret very much. In such a case, the Gazette would become purely an advertising paper for the simple reason that we have to guarantee 100% coverage for our advertisers.

SENIOR ADMINISTRATOR

APPOINTED (SECRETARY - TREASURER)

Journal Meeting, Monday June 10th

The minutes of the previous meeting were approved.

New Senior Administrative Officer Town Journal has appointed Mr. James Bernard Lee as Senior Administrative Officer (Secretary Treasurer). Mr. Lee, who was a Flying Officer in the R.C.A.F. during the war, was educated at Victoria High School and the University of Alberta, where he took two years Applied Science (Civil Engineering) and the Municipal Administrative Course. He is a member of the Institute of Public Administration Edmonton branch, Community Planning Association of Canada, Executive Member of Edmonton Branch and Alberta Division.

Edmonton United Community Fund and Civil Service Association of Alberta. He is presently employed by the Planning Department of the Provincial Government. His salary with the Town will be \$8,000. to start. He is 40 years of age.

Vacation Mr. D. B. O'Donnell will be Acting Secretary Treasurer while Mr. Gillings is on vacation June 15th to July 1st.

Chairman Mr. J. Connell was appointed chairman for the forthcoming October elections.

New Department A Bylaw was passed to establish a Department of Parks. Petition Council received a petition against cars running loose on the street. It was tabled for additional information.

ST. ALBERT United Church

On June 2nd a "Pot Luck" supper was held at the United Church. Guests brought a main course and dessert sufficient for their own tables. These dishes were pooled on the table and the United Church women provided tea, coffee, butter and rolls. Some 40 people were present and a fine hour of fellowship was enjoyed.

Following the supper the guests attended the evening service in the chapel. By the hour of worship, a congregation of over 100 was present. Dr. Schwartz preached on the Christian way of life as the only way incorporating love for God, love and concern for one's neighbor in contrast to materialism which gives no serious recognition to God as being the God of Love and Concern. Dr. Schwartz pointed out that materialism, as

a way of life, is divided into two large segments; pessimistic materialism, which has no place in it for hope; and optimistic materialism, which has no place in it for responsibility. These paths are easily taken in societies where science and mass production are prominent because people make the easy but erroneous transfer of "process" or "mechanism" theories from these areas of life to all other areas.

Mrs. E. G. Hole was the organist for the service and Mr. Roy Gilley led the congregation in an enjoyable period of Gospel hymn singing. Guest instrumentalist at the service were Miss Margaret Turner and Mr. Bob Adamson with their guitars. A coffee hour was held in the Church Lower Hall following the service.

These evening services which have been held on the first Sunday evening of each month are being discontinued until the first Sunday in October because of the summer holiday season and the Labour Day weekend which would be the date of the September service if it were being held.

"ON TAXATION"

ALAN LAZERTE

Progressive Conservative

The present government came into office 21 years ago in a promise of a social dividend, monetary reform and abolition of taxes. None of these promises has been kept. The government has deserted the people. While it brags of "a debt free province", or the municipal taxpayers carry the load for government debt in Alberta.

There are two types of government debt in Alberta. Provincial government debt and municipal government debt. The provincial government debt in Alberta - the debt secured by our natural resources - is the lowest in Canada - approximately 4 1/2% per person. On the other hand the municipal government debt in Alberta - the debt secured only by taxes on our land and homes - is 1% for the highest in Canada - approximately \$125 per person. This is an unbalanced situation, one that allows the government to have the hollow boast that Alberta is debt free.

The wealth of Albertans has been used to pay the provincial debt, and leave the debt for government services on to the shoulders of the local taxpayer. Representative, constructive action will secure for a real deal for the local taxpayer. The provincial government must pay a greater share of the cost for government services in Alberta.

will play three selections by Hugh Broughton, well-known organist and composer with whom Mrs. Upright has studied. The offering received during the program will be used to assist the choir in its ministry of music.

LADIES PAGE

The Ladies Auxiliary of the Second St. Albert Duke and Duchess will hold their Annual Meeting Tuesday, June 11th, at 8 p.m. in the library of the Sir George Simpson School. The evening will feature an insight into the out-of-door camping program. Camp plans, procedures and requirements will be explained by Mr. Joannell, on behalf of the club, and Mr. J. Taylor and Mr. Macdonald will speak for the scouts. All mothers are urged to attend, particularly those sending a son to camp.

After the election of officers for the 1963-64 season, a short social period will follow.

(Please note 8 p.m. for this meeting only!)

The Girl Guides will hold a Tea and Bazaar, June 8th, starting at 2 p.m. The sale will take place in the St. Albert Safeway in Brading Shopper's Park, and Mr. A. S. Blair's office, 1000 Street. Any mothers who have not yet received pie plates, please call 594-7031.

strawberry shortcake - the dessert of the season was featured at a recent Tea. Strawberry Tea held in the United Church basement, the tea was also augmented with a bake sale and the table. A literature table displayed information pamphlets on the United Church Leadership training camp at Lacrosse, B.C. The tea proceeds will go to students attending the camp. Mrs. J. Schwarz and Mrs. J. Macdonald received the guests. The tea program was also given by Mrs. J. Macdonald and Mrs. J. Macdonald. Girls of the U.C.U.C. and Girl groups served.

RECREATION

An Invitational Field Day was organized for Saturday July 6th at the latest of the Sturgeon Heights Recreation Committee, with the co-operation and assistance of the newly hired Town Recreation Director, Mr. Raymond Kay. The idea of the Invitational Field Day was motivated by the Sturgeon Heights Recreation Committee with the hope of promoting a "Mass Recreation Program" (sports, athletics, music, drama, arts and crafts) open to the whole town. Oh yes! for those interested in all of this, plan for Sturgeon Heights Field Day, June 8th, at the usual place, Vital Junction School, at 8 p.m.

LOUIS CHALIFOUX
Your Liberal Candidate in the
St. Albert Constituency

ARE YOU AWARE ...

* 90% of Canadian customers are under Public Power * Alberta is the only province West of Nova Scotia under private power * 25% of Albertans are presently under Public Power * Public Power pays no corporation tax * Alberta private power bills include charge for Federal Corporation Income Tax of approximately six million dollars annually of which only a portion is returned to the Province.

THE NEED ...

* Low cost Electricity throughout Alberta * Co-ordinated development of power resources * Integration of power development with conservation and control of our dwindling water resources.

THE SOLUTION ...

A Liberal Government will:

* Buy out private power companies * Pay a fair negotiated price * Accept a price fixed by the Courts, if agreement is not possible * Create an Independent Power Corporation that will guarantee freedom from political control, interference or patronage. * Ensure that sufficient reserves of power will be available to all parts of Alberta at lowest possible rates for domestic, agricultural and industrial uses. * Guarantee security of present employees of power companies in every respect * Guarantee no interference with any existing municipally-owned public power system * Operate Alberta's power resources on sound business principles.

A LIBERAL GOVERNMENT WILL ALSO ...

* Purchase Rural Electrification distribution systems if THEY WANT TO SELL * Establish a Department of Water Resources to guarantee conservation and control of river water for domestic, agricultural and industrial purposes * Commence action of approved dams and diversion projects

PESTICIDES and CONSUMERS

Canadian Association of Consumers Pesticides and Consumers

The chemical sprays have not been an un-mixed blessing. Used in strict accordance with the directions, these sprays offer freedom from insect and other pests which have often decimated crops. The output of top grade fruits, vegetables and grain has frequently been due to the effectiveness of such new chemicals. BUT care and controls in their use must be strict. Rachael Carson's recent book "Silent Spring" has stirred up widespread concern over the possible hazards of chemical pesticides and the possible hazards resulting from ingestion and absorption.

It is not the intention of the Consumers Association of Canada to frighten or alarm, but CAC believes that the general public should be more aware of this potential danger. These chemical sprays are the concern of everyone. Most housewives know that fruit and vegetables should be well washed to remove any dirt and traces of spray. The homemaker thus has some control over food for the family if she is careful about food preparation and if she checks closely to see that her children wash raw fruit before eating it. However, these spray residues may enter the food supply by other means. For example, if cows eat plants which are contaminated with such chemicals as DDT, residues of this insecticide can show up in the milk, and laboratory tests are required to check for this condition.

ary Bulletin asks that all consumers firstly, look carefully at the types of pesticides we have been using in our homes and gardens, read the directions on the labels to make sure that we are using these chemicals in accordance with the manufacturer's directions and observing the precautions described. WHAT CAC HAS DONE: CAC has asked permission to present a Brief to the Parliamentary Committee set up by the Federal Government to investigate contamination of food by pesticides and herbicides. Add your voice to the worthwhile work of CAC and increase its effectiveness. The first reports on comparative testing of Canadian products have been published. This new CAC TESTING BULLETIN features reports on testing of aspirin and electric drills. \$3.00 per annum and will have at least two test reports plus other articles. More pages and more tests will be added as funds permit - that means more members. Send your fee to Mrs. J. W. Noack, Box 538, St. Albert, Alta. For further information, telephone Mrs. E. G. Hole at 599-3167.
